

ThorLock®

Option: Injection-moulded lid

Option: Thermoform lid, Single - TwinSheet

Option: Lightweight lid for all systems

1208 compatible with VDA lid

also possible with cardboard ring

Guide on the long and short sides

Easy assembly

Sleeve height according to your requirements

Stacking of wooden Euro pallets with ThorLock

Sleeve is locked with the pallet

Sandwich system as a palette-ThorLock-ring-lid combination

Sustainable because **100 % recyclable**

Sleeve available in **100 % REC material**

Reusable
Container System

Setup on any pallets

ThorLock® innovation for sustainability in logistics

ThorLock® the innovative pallet box system

With ThorLock, every pallet becomes a container. Whether wood, plastic or steel pallets, ThorLock is easy to assemble and is individually applicable by offering several ways of attachment. A stackable container system can be made in conjunction with a lid. Disposable, wooden, plastic, or steel pallets thus become reusable containers. The container sleeve can be designed according to your requirements with individually adjustable height and/or design with loading flap or pressure. With the sandwich system, the folded container ring is secured by ThorLock on the pallet.

Material

Type	ThorLock® 0806	ThorLock® 1208	ThorLock® 1210	ThorLock® Individual
Pallet	wood - plastic - steel			
Lid	plastic - thermoformed - injection moulding - lightweight construction			
Sleeve	Aircell PP New - PP REC			

Weights and volumes

Type	ThorLock® 0806	ThorLock® 1208	ThorLock® 1210	ThorLock® Individual
Load capacity	Depends on the pallet			
Top Load	Depends on the pallet / Example: Euro pallet 1208 - 1.500 kg			
Volume reduction	1:5
